Areas of Interest

My chief areas of interest include managing pelvic and acetabular trauma, complex intraarticular fractures, spine fractures and polytrauma cases. I am also interested in dealing with sports related injuries. Research has been my prime interest since postgraduation and I have more than 75 indexed publications on variety of subspecialties of orthopaedics including trauma, musculoskeletal infection, joint replacement etc. I have been invited to present Guest lectures and scientific Papers in various national and international arenas on trauma especially Pelvic and Acetabular Injuries and their management. I am also a certified ATLS Instructor and Associate Editor of Indian Journal of Orthopaedics.
