Dear Karan and Kanchan,

APPRECIATION

I write to thank you most sincerely for the compassion and care the Medical Social Welfare Unit extended to Ms. Rose Mbula Ndura, a Kenyan national that was hospitalized at the Trauma Centre following a tragic accident.

Your prompt and professional assistance saved the young woman's life. We appreciate that you effectively communicated with the High Commission and the family at home and went to great lengths to provide an attendant as well as surgical replacement of her hip.

Your commitment and dedication is inspiring. Please accept our deep gratitude and the assurances of my highest consideration.

Yours sincerely,

Florence I. Weche
HIGH COMMISSIONER
